Clean Business Award Nominees Sought

November 13, 2013 – The Gloucester Clean Community Committee is soliciting nominees for the 2013 Clean Business Award. The award is designed to recognize businesses in Gloucester County that have taken an active role in promoting a clean environment by maintaining an attractive business site, supporting a no litter community, and demonstrating pride in the community.

Traditionally, the Clean Community Committee selects three businesses annually to receive these awards. The Committee seeks to recognize businesses from the southern, central and northern sections of the county.

Businesses that are nominated should demonstrate an ongoing effort to maintain a well-groomed property free from litter, clutter, and general debris. There are three main criteria for the award:

1. The business must have been in business at its present location in Gloucester County for at least one year prior to nomination and not in violation of any County Codes.
2. Buildings and grounds must be well maintained and free of litter and clutter. Landscaping must be healthy and pleasing in appearance. Trash and cigarette receptacles must be adequate in size and number for collecting the amount of trash generated through the services the business provides and customers they serve. Areas of concern include ditches, roadsides, parking lots, walkways, and loading docks.
3. The business must participate in some form of recycling.

More information is available on the Clean Community web site at www.gloucesterva.info/clean or by contacting the Clean Community Office at 693-5370.
