Independent retailers and restaurants are the heart and soul of small towns and main streets across Virginia. Successful retailers build vibrant downtown destinations, but they face unique challenges ranging from inventory control, advertising, merchandising and staffing, to big box competition. To help these vital small businesses, we have developed STAMP.

Marc Willson of The Willson Company specializes in consulting small to mid-size towns and their merchants in all facets of retail and restaurants' customer service, customer psychographics, operations, financials and cash flow, social media marketing, merchandising, best practices and staying relevant to today's changed economy and the customers' new buying habits.

Every time Marc comes to Gloucester there is standing room only.
