Gloucester Becomes a “Virginia Values Veterans” Certified Employer

Gloucester County’s Human Resources Department is pleased to announce that the County has recently become a V3 “Virginia Values Veterans” Certified Employer. In doing so, the government organization has made a commitment to hire veterans into its workforce.

As part of the certification process, the County’s Human Resources staff learned why it is a good business decision to recruit, hire, train, and retain Veterans. The program assists employers in implementing nationally recognized best practices in recruiting, hiring, and retaining highly skilled and dependable Veterans.

The V3 Program is an official Commonwealth of Virginia Program and is organized under the Veterans Education, Training, and Employment (VETE) division within the Virginia Department of Veterans Services (DVS), an agency of the Secretary of Veterans and Defense Affairs.

“This has been a priority of ours for quite some time,” said Elaine Johnson, Gloucester’s Director of Human Resources. “It’s a big step in letting prospective employees and the community know how much we value our veterans and understand what assets they can be to our organization.”
