Gloucester Business Recovery

Does your business need assistance with COVID-19 related expenses?

The Gloucester County Virginia's Board of Supervisors allocated \$500,000 in CARES Act funding to help businesses in the community cover increased costs associated with new health and safety requirements, as outlined in the Governor's Executive Orders. The grant program is being administered by the Middle Peninsula Planning District Commission in coordination with Gloucester County and the Gloucester County Economic Development Authority. It is specifically designed to facilitate reimbursement of costs incurred by local businesses as they have made investments to change business practices in response to the pandemic.

Safer at Home – round 3 starts Sept. 1st
